Mental Health Masterclass with Natasha Devon MBE

Tuesday 16th January 2018

Advent House, Victoria, Cornwall

09:30 – 12:45

Overview

One in ten children and young people aged 5 to 16 has a clinically diagnosed mental health disorder and around one in seven has less severe problems. Our youth spend more time in school than they do anywhere else except their own home. School is one of the best places for both educators and students to become increasingly aware of mental health, mental health problems and mental health disorders. However it is an area that schools naturally find a challenge to manage and support.

In this Masterclass, Natasha Devon will share approaches to support children with poor mental health, promote positive mental health and identify and address those with less severe problems at an early stage and build their resilience.

About Natasha Devon MBE

Natasha Devon MBE is a Writer, Campaigner and Pundit. She is co-founder of the Self Esteem Team and the Body Gossip Education Programme, both working in schools to help teenagers, their parents and teachers with mental health and body image challenges. She has authored several books and has a weekly column in the Times Educational Supplement. In 2016, the Sunday Times and Debrett's named Natasha one of the 20 most influential people in education.
