Specialist Nursing Support (HH): CAPH raised your point at the SEND Board meeting – Rachel D's response: *The special schools receive health support from CFT, this is commissioned through the ICB so Liz is best placed to comment on that provision. Mainstream primary and secondary schools have school nurses that team is part of the LA Education and Community Health and Public Health service and completely different in terms of roles and responsibilities. Jodie Pethick and Eveleen Riordan are best placed to talk to you about that. (CFT – Louise Bacon – HH to make contact)*
