# Building Better Practice: Insights from the EEF Implementation Report

**Webinar with  
Charlotte Orpin-Wright**

**Tuesday 21st April 2026**

**3:45-4:45pm**

Charlotte Orpin-Wright: Education Endowment Foundation - Regional Lead for the South West and South Coast of England.

Charlotte leads the EEF's work in the South West of England, working closely with Research Schools to mobilise evidence use through communication, local partnerships and bespoke projects. Before working for the EEF, Charlotte was a teacher of English and secondary school senior leader for over 12 years.

In this session, we will dive into the EEF's updated implementation guidance report. We will start with a brief look at the context of educational disadvantage in the south west and south coast of England, move on to explore some lessons learnt at the EEF over the past 15 years, before spending the rest of the session understanding the implementation guidance report's key recommendations and how to best use these back in your own school / setting.
