REQUIREMENTS

Schools need access to:

Zoom, webcam & microphone.

DETAILS

The first hour of the session will see Spaceport Cornwall, Virgin Orbit, Goonhilly Earth Station and The UK Space Agency presenting an inspirational broadcast to students. This will include the opportunity for the students to ask questions and receive answers from the space sector specialists.

Following a short break, the second hour will be a live 'Our Place In Space' workshop carried out by 'Space Detectives', funded by ESERO-UK; this will link directly into Year 5/6 space curriculum.
