## Family Learning - Word Processing

Family Learning is offering you and your child the chance to join our online 'Word Processing' course. The course is free and open to parents and carers of primary aged children who may want help with teaching their child at home.

Lockdown has kick-started our online teaching and we have developed this course as a useful, fun, enjoyable learning experience for families.

You will learn:

- Transferable word processing and computing skills and
- How to apply your skills to a range of tasks, such as posters and leaflets.

This 6 week course will take you from a beginner to making colourful and engaging documents in easy steps. It is great fun and a long term benefit for you and your child.

We are running the course from Monday 21st September from 10.00 until 11.30.

To find out more and enrol please visit:

## Family Learning - Keeping up with the children - Maths

Family Learning is offering you and your child the chance to join our online 'Keeping up with the Children - Maths' course. The course is free and open to parents and carers of primary aged children who may want help teaching their child at home. Lockdown has kick-started our online teaching and we have developed this course as a useful, fun, enjoyable learning experience for families. This 6-week course will help you to develop your own understanding of maths in school and new ways of learning and talking about maths. It is great fun and a long term benefit for you and your child.

You will learn:

- Practical maths activities
- How your child learns maths at school

We are running the course from Wednesday 23rd September from 10:00 until 11:30

To find out more and enrol please visit:

<https://compass.cornwall.gov.uk/PSWebEnrolment/webenrolment.aspx?page=~/webcontrols/coursedisplay.ascx&CourseInformationID=7192>
